FISH DISHES

THE FAMOUS FISH AND CHIPS

To achieve the best Fish and Chips you need:

A mix of North and South.
The art of a good Mushy Pea and the lightness of a
homemade batter. Add the purity of an Icelandic Cod that
has only swum in un-polluted water and been allowed to grow
and not over-fished. Rolled in rice cones and deep fried in pure
vegetable oil, and you might reach your goal.

At the Bakers we feel we have achieved this:
